

The CT Collaborative to End Loneliness

An alliance to foster social connection across Connecticut

Convened by
For All Ages
 a 501(c)(3) nonprofit connecting the generations and inspiring action to end loneliness, reduce ageism, and improve health.

Social Health Literacy
 We are CT's leading voice on the importance of social connection to our mental and physical health.

Healthcare Provider Engagement
 We are convening healthcare professionals to establish best practices and improve patient social connectivity.

Advocacy
 We are working alongside municipal and state leaders to increase the focus on social health.

Community Connection
 Together with our partners, we are identifying and implementing solutions addressing loneliness across the age span.

The loneliness epidemic is real.

More than 60% of us are feeling lonely.

The U.S. government estimates that someone dies from a condition caused by loneliness every three minutes.

Every.

Three.

Minutes.

Let's end loneliness. Together.
